Im sorry but for some reason this website is not allowing me to upload pictures. Please text me if you are interested and would like pictures. One owner, no collisions, clear Carfax. There are normal small defects in pant from regular use. The only things to consider are minor rear bumper damage (pictured) and a couple of the wheel rims are scuffed from curb parking (but if you can't notice in the pictures rim, no one else will either). The interior is pristine and the car runs like a dream. There are no mechanical flaws whatsoever. It is sporty, powerful, quick, and fun to drive! The only reason we are getting rid of this car is because we now have a bigger family and need a larger vehicle. Would consider a trade and cash, if needed, for a 2016-2019 Highlander XLE or Limited.

Dont fret Coloradans because there is a SNOW BUTTON, just check the pics.

I have a VIN report from carsforsale.com, just email me and I can send to you. You can also take the VIN off of the picture with the car description and do it yourself!

Mileage: 98,800
Transmission: Automatic
Exterior color: Black
Interior color: Black
Drivetrain: RWD
MPG: City: 21, Hwy: 30, Overall: 24
